

# DIGITAL DESIGN

21st Century Learning WORKSHOP

## WHO?

Students (ages 7-12), parents, and educators with an interest in technology and learning

## WHAT?

Introduction to Scratch: the award-winning toolkit from MIT for computer programming and digital design

## WHEN?

Sunday, April 22nd, 2:00 - 4:00 pm

## WHERE?

RAFT (Resource Area for Teaching) is located at 2875 Blake Street in Denver (with plenty of free parking), and offers teachers tons of nearly free materials, interactive learning kits, and hands-on workshops

## MORE!

Workshop cost is \$20 per person. Reserve your spot or spots by contacting [chris@myerslearning.com](mailto:chris@myerslearning.com)

Bring your own laptop (or reserve one of ours), get a free copy of Scratch, and experience the fun of exploring, inventing, and designing together
